

# Software Programming Project Manager

Full Time – Visalia, CA

## Software Programming Project Manager Responsibilities

---

4Creeks is looking for a Software Programming Project Manager to assist in leading our team of software developers. We create software applications that empower Local and State Agencies to manage and support their administrative processes. That may sound a little boring, but this role is at the forefront of providing solutions for some very engaging and challenging problems. This position will work directly with our Software Development team to create web-based tools and processes for managing data from multiple sources, both public and private, and presenting it in a useful manner for users. This position is an opportunity to be a part of creating long-term and impactful solutions.

Responsibilities for this position would include leading the development team in setting and meeting product delivery and improvement goals for 3 unique applications deployed in several public agencies in California. This position will also be responsible for client and team management and will report to the Department Manager. The Software Programming Project Manager will be helping lead a small team, helping manage deadlines, deliverables and embodying the core values of 4Creeks.

## Minimum Qualifications

---

1. Problem solving abilities and able to work in a fast-paced environment
2. The ideal candidate will have experience in:
  - a. C#, .NET Framework and .NET Core
  - b. ASP.NET MVC
  - c. MSSQL & Entity Framework
  - d. HTML, CSS and Java Script as well as REST API's
  - e. Multi-tenant applications
3. Self- starter. Strong internal motivation and drive
4. Experience leading a team of programmers
5. Experience working on large data projects and Product Management

## Compensation

---

Hourly rate will be determined by candidate's skill and experience level and highly competitive with industry standards. This position is full-time and eligible for our Benefits package.

## About 4Creeks

---

We are a small band of visionaries, mentors, and citizens, driven by a deeply instilled belief that together we can help solve some of the challenges we face. We're determined to play our part in inspiring a new future and rebuilding what's broken, from Bakersfield to San Luis Obispo. We call Central California home and we're committed to using all the tools and resources at our disposal to make this region known for greatness.

You'll quickly find out that 4Creeks is built on a fun, challenging and collaborative work-environment. A team-based approach is the standard we uphold, and we believe that no one person is more valuable than the other. We enjoy working together and pooling our resources to provide the best solution we can create together.

## How to Apply

---

For immediate consideration; please email your resume and cover letter detailing your background, skills, and experience to [hr@4-creeks.com](mailto:hr@4-creeks.com). Our Human Resource Administrator will contact you promptly for initial interview coordination.
