

# Traffic Engineer

Job Opening with 4Creeks – Visalia, CA

## Traffic Engineer Responsibilities:

---

4Creeks is seeking a professionally licensed engineer specializing in traffic engineering. This position will utilize your knowledge and skill in traffic engineering to support our project teams in delivery of projects through planning and design. Your responsibilities for this position would include: Traffic studies, Traffic signals, Striping/signage, Parking lot flow/layout, street design, bike lane design, traffic control, Caltrans EP coordination, roundabout design and other duties as assigned. This position would require daily work out of our Visalia office, with occasional trips for business operations and project meetings.

## Minimum Qualifications

---

1. The position requires a B.S. in Civil Engineering
2. PE license in the state of California - Civil or traffic
3. Strong technical background in traffic engineering
4. Minimum of 5-7 years of Traffic Engineering experience
5. Strong communication skills - Verbal and written

## Compensation

---

Salary will be determined by candidate's skill and experience level and highly competitive with industry standards. Benefits package includes full employee health coverage (50% coverage for dependents), company 401(k) contribution, and performance bonuses.

## About 4Creeks:

---

We are a small band of visionaries, mentors, and citizens, driven by a deeply instilled belief that together we can help solve some of the challenges we face. We're determined to play our part in inspiring a new future and rebuilding what's broken, from Bakersfield to Sacramento. We call Central California home and we're committed to using all the tools and resources at our disposal to make this region known for greatness.

You'll quickly find out that 4Creeks is built on a fun, challenging and collaborative work-environment. A team-based approach is the standard we uphold, and we believe that no one person is more valuable than the other. We enjoy working together and pooling our resources to provide the best solution we can create together. From the moment you walk through our doorway we think you'll see and feel the 4Creeks difference. We hold team members to ambitious standards of quality and contribution and we love to play and laugh together.

## How to Apply:

---
